Features

Innovative and perfectly suitable for Jeroboam size of DOMENIS1898 products

Dimensions

H 440 mm x diam. 146 mm

Ideal for

Serving DOMENIS1898 products contained in 300 cl bottles

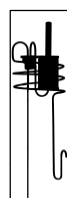

In order to accurately pour spirits from Jeroboam-size bottles, DOMENIS1898 has conceived its Grappatore, an handcrafted product built using first choice materials, lasting for a long time.

Uniquely created for DOMENIS1898 by Friulian designer Paolo Burelli and made with superior quality components, Grappatore allows to obtain, through a mechanism of pressure plays and communicating vessels, the perfect dosage and an easy service of Storica Bianca, Storica Nera, Secolo and Storica Riserva eliminating any problem of dispersion.

Innovative design, superior quality components and essential lines elegance that recalls the alembic sinuosity: these are the distinctive features of Grappatore.

Designed to serve with simplicity DOMENIS1898 spirits contained in large-format bottles (300 cl), it is perfect to spill DOMENIS1898 products directly from the counter.
