

D_OMEN

Liqueur
25% vol.

Raw material**Ingredients**

Alcohol, extracts and distillates from aromatic plants

Ageing

–

Serving temperature

18°C or with ice

Natural and fresh low-alcohol drink with apple and citrus flavour.

D_OMEN, with its citrus-fruity organoleptic properties is obtained by mixing a pure alcohol-base with essential oils and vegetable dyes, among which apple prevails. The citrus aroma, conferred by the orange peels, is enhanced by a pleasant cinchona, gentian and rhubarb bitter base.

Straight at room temperature, smooth up on the rocks, mixed with sparkling wine or orange juice or as a base of endless combinations of cocktails and aperitifs.

Ruby-red colour, intense, versatile and charismatic for a fresh and natural liquor. The secret of its recipe lies in the choice of natural and high quality ingredients. Suitable for single-variety tasting, straight or on the rocks, D_OMEN has a unique and persistent taste which makes it the perfect "Rosso Base" for Your cocktails and aperitifs.
