Raw material

Ingredients

Hydrated alcohol, juniper distillate (*Juniperus communis L.*), extracts from local aromatic plants

Ageing

–

Serving temperature

Room temperature

Gin Nero is produced with an intense juniper alcoholate and *botanicals* carefully selected, which perfectly blend with pure alcohol. Among these, the citrus stand out the most in the form of essential oils, including sweet orange, tangerine and lemon. On the other hand, the pleasant spicy notes are provided by angelica and coriander fruits. The result is a crystal clear gin, product of a unique recipe among its kind for style and aromatic notes on the palate. The balance of the many components and its overall delicacy makes it particularly suitable for mixing.

Gin Nero is a product dedicated to bartenders and mixology enthusiasts: its extraordinary aroma and unique finesse make it particularly appreciated. A soft blend, which perfectly matches with other ingredients, in a fashionable handy bottle that guarantees a firm grip. The bartender recommends: drink it pure or mixed in your favourite cocktail. Minimum order quantity: 60 bottles.
