Raw material

Ingredients

Alcohol, sugar, star anise

Ageing

-

Serving temperature

18°C or with ice

Star anise is one of the oldest spices, used in cooking even back in the times of the Egyptians, Greeks and Romans; it has always stood out for its intense and pleasant aroma. The ingredients used are carefully selected and appropriately mixed according to our recipe. A sweet and distinctive liqueur with the typical aroma of aniseed.

The quality of star anise, an ancient ingredient in many cultures including the Italian tradition, is the true heart of Sambuca. Rightly amiable, perfect in its balance of sugar, alcohol and the main ingredient, precisely anise. Ice and the traditional coffee bean; that is the typical way to enjoy it.

Sizes and packaging

70cl
