Cannabis sativa seeds infusion
CONTAINS NO T.H.C.

Ageing

-

Serving temperature

18°C or with ice

Bitter liqueur obtained from the extract of selected *Cannabis sativa* seeds. The pure alcohol base has been enriched with twenty *botanicals* including juniper, angelica, rhubarb, turmeric, ginger, sweet and bitter orange.
The taste is characterized by herbaceous notes typical of hemp, enhanced by the distinctive scents of other *botanicals*.

Queen Mary is a bitter liqueur obtained from the extract of *Cannabis sativa* selected seeds. Slightly citrusy and characterized by herbaceous notes typical of hemp, enhanced by tinctures and essential oils of other *botanicals*, served cold it is ideal as after meal. The bartender recommends: drink it pure or mixed in your favourite cocktail. Recipes and much more on DOMENIS1898.com
