A cream is a liqueur obtained from an alcoholic base supplemented with cream.

The cream is prepared carefully to ensure the maximum velvet effect, and then added to alcohol. The aroma of the liquor has the typical note of ripe cherry distillate and the colour is red on. The chosen alcohol content (17%) exfoliates the aromas of milk that well marries the other flavours and odours present.

*DOMBAY Cherry* originates from a craftsmanship allowing the extraction of the essence of cherry you find again in every sip.

Sweet and velvety, with a soft and aromatic taste is the perfect combination.

Smooth or with ice, *DOMBAY Cherry* is perfect as a fine meal digestion and ideal for cocktails and long drinks; add it to the salad or to the ice cream to give that extra touch.
