Raw material

Ingredients

Alcohol, sugar, natural flavourings

Ageing

–

Serving temperature

18°C or with ice

Sweet liqueur obtained from a pure alcohol base, in which the aroma, the essential oil extracted from the star anise fruit, is dissolved according to our recipe. The right balance between aromaticity and sweetness for surprising tactile sensations during tasting. Excellent, intense, typical and full-bodied even iced.

Tradition and future.
A possible combination thanks to a liqueur with an unmistakable aroma. Ice and coffee bean to taste it by enhancing all its characteristics.

Sizes and packaging

50cl
