**Raw material**

**Ingredients**

Alcohol, sugar, blueberry (*Vaccinium myrtillus*) juice

**Ageing**

-

**Serving temperature**

Room temperature or with ice

Typical of the undergrowth, the blueberry is a fruit with ancient traditions, always recognised for its pleasant aroma.

The juice obtained from blueberry berries, alcohol and brown sugar are mixed together according to proportions wisely chosen following an exclusive recipe.

The result is a sweet and decisive liqueur, with a typical blueberry flavour.

Blueberry is the liqueur with a fruity perfume and a sweet taste, 100% vegan and organic, prepared with high quality raw materials and respecting the ethical sensitivity of Vegan. Excellent if enjoyed cold or at room temperature as after-meal; delicious if paired with small pastry or to garnish ice-cream.

**Sizes and packaging**

50cl
